The Chief information commissioner,
Right to Information Commission KPK.

Subject: Letter of appreciation

Respected Sir,

I am extremely grateful of KPK Right to information commission (RTI) that finally C& W department Upper Dir compelled to provide me the required information about the construction of Gawaldi road upper Dir for which I have applied last year in Feb 2019 but C& W upper Dir were not ready to provide the requested information and using delaying tactics since last one year but due to legal pressure of KPK RTI commission finally they forced to provide it to me . Although C&W upper Dir still not provided the whole record and the provided information is incomplete but I am grateful of KPK RTI Commission that during this effort since last one year they keep contact with me, call me ,wrote letter to me and till the end guided me in this whole process and due to this C& W Upper Dir compelled to provide the required information . I really appreciate the role of KPK RTI commission and once again I am thankful of you all and your whole team.
