

LETTER OF APPRECIATION

This is apropos of Complaint No.6629/2020 against non-provision of information/DMC by Registrar/PIO KP PSC. The respondents have been offering lame excuses and were adamant to deprive the complainant of his due right.

The Hon'ble Commission directed respondents vide its decisions dated 08.10.2020, to provide the information within 07 days, followed by letter dated 08.01.2021 and 17.03.2021, wherein the Commission gave significant ruling that the DMC did not fall in the exempt category under the RTI Act, 2013 and directed the respondents to provide the information within a week of time. The respondents finally send the requisite information, received to the complainant on 01.04.2021.

In fact, the respondents played all tricks and had been adamant not to provide the information requested for, but the RTI Commission played remarkable role by applying meaningful pressure on the respondents which eventually turned them around and provided the information.

Thanks to the RTI Commission, specially the A.R (Legal) for his keen interest into the matter. Well done and keep it on.
